SPECIAL NOTICE

The fact that an alarm-box is located near their residence should be known to all persons; also the simple manner of giving an alarm in case of fire. The Fire Commissioner recommends to all persons who may see this notice that they familiarize themselves with the location of boxes in the vicinity of their homes and places of business and make the necessary inquiries to enable them in case of need to give an alarm or to direct others to do so. Time saved in this way sometimes prevents a conflagration

In case of fire follow these

DIRECTIONS

Go to the nearest box to the fire
A sign over each box directs how to give an alarm
Open the door of the box—pull the hook all the way down once and let go. Opening the door rings the bell on the door but does NOT give an alarm
Listen for the working of the machinery in box. If you do not hear it, pull again
If then you hear no sound, go to the next nearest box
Repeat the same there, but do not touch any other box if the nearest one gives the alarm
After giving the alarm remain awhile, if possible, by the box, so as to direct the firemen to the fire
SECOND ALARM—No person will give alarms for the same fire (after the first alarm has been given) without an order from the chief or the officer in command

CAUTIONS

- 1 Never open the box or touch the hook except in case of fire
- 2 Never give an alarm for fire seen at a distance
- 3 Be reasonably sure that there is a fire before giving an alarm
- 4 Be sure your box is closed before leaving it

PUBLIC CARRIAGE FARES IN BOSTON

MOTOR TAXICABS

The maximum prices or rates of fare which drivers of hackney carriages propelled by mechanical motors and using taximeters as the means of measuring the distance traveled, to be known as "Motor Taxicabs" may charge and demand for services rendered in conveying passengers are as follows:

From point to point within the city limits:
 First half mile or fraction thereof, for one person 40c
 Each quarter mile thereafter 10c
 Each additional person for the whole journey 20c

Waiting time shall include all time during which the vehicle is not in motion, beginning nine minutes after its arrival at the place to which it has been called, or, if engaged in the street or at a stand, beginning nine minutes after the time of such engagement. A charge of 10 cents for each three minutes may be made. But no charge shall be made for the time lost through interruption of street traffic or through the inefficiency of the vehicle or its driver, or for time between premature arrival in response to a call and the hour for which the vehicle was ordered.

EXPLANATION OF ABOVE PLAN OF ADDRESSING LETTERS

In addition to your Postal Station Name, the Postal Sta-
tion number should be added. Thus, if you live in the
Back Bay Postal Station, your number is 17. If in Dor-
chester Center your number is 24, etc.

It will still be necessary under this plan to retain your
present address, adding only the postal number after the
name of the city, town or postal unit as follows:

John Doe, 316 Huntington av., Boston 17 Mass. or

John Doe, 316 Huntington av., Back Bay 17 Mass.

John Doe, 800 Massachusetts av., Cambridge 39 Mass.

These delivery units do not conform with ward lines, or
corporate limits of cities and towns. If in doubt as to
your unit ask your carrier.

All Stations are Post Offices, except in name, and all are
Money Order Offices.

In addition to the above Stations, there are about one
hundred and ninety numbered Stations for receiving reg-
istry matter and for domestic money-order business.

Street Box Collections

CENTRAL OFFICE—Boxes collected by carrier on each
delivery and half-hourly from 12 noon to 7 P.M., and at
midnight. Sundays, 7.30 P.M. and at midnight.

Holidays: 4, 7.30 P.M. and at midnight

The local rate is applicable to parcels intended for delivery at the office of mailing or on a rural route starting therefrom.

A Receipt is given to the sender of a "C. O. D." parcel at the time of mailing, but no return receipt is furnished as the remittance shows that delivery has been made

Examination of Contents of a "C. O. D." Parcel is not permitted until it has been receipted for and all charges paid

Indemnity for Lost "C. O. D." Parcels is paid for the actual value not to exceed \$50, under the conditions governing the payment of indemnity for lost insured parcels

Forwarding and Return—A new prepayment of postage at the rate applicable between the forwarding office and the one to which fourth-class matter is to be forwarded must be made by the addressee or by some one for him each time it is forwarded. A parcel can not be forwarded to a person other than the original addressee. A new prepayment of postage must also be made before undeliverable fourth-class matter may be returned to the sender. No additional insurance or C. O. D. fee is required for the forwarding or return of insured and C. O. D. parcels

All stamps good for postage

Preparation for Mailing—Parcels must be prepared for mailing in such manner that the contents can be easily examined. (See secs. 19 to 33, inclusive.)

A parcel must not be accepted for mailing unless it bears the name and address of the sender, preceded by the word "From"

Postmasters will refuse to receive for mailing parcels not properly indorsed or packed for safe shipment

Admissible liquids and oils, pastes, salves, or other articles easily liquefiable will be accepted for mailing regardless of distance when they conform to the following conditions:—

When in glass bottles holding four ounces or less, the total quantity sent in one parcel shall not exceed twenty-four ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and placed in a box made of cardboard or other suitable material and then placed in a box and packed in a container made of double-faced corrugated paste-board of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape of any liquid, if the contents should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Single bottles of liquid holding four ounces or less may also be packed as prescribed in the following paragraph:

When in glass bottles holding more than four ounces, the total quantity sent in one parcel shall not exceed sixteen ounces, liquid measure. The bottle must be very strong and must be enclosed in a block or tube of metal, wood, papier mache, or similar material; and there must be provided between the bottle and the block or tube a cushion of cotton, felt or other absorbent

The block or tube must be at least one-eighth of an inch thick in its thinnest part for bottles holding eight ounces or less and at least three-sixteenths of an inch thick for bottles holding more than eight ounces. The block or tube must be rendered watertight by an application of the inside of paraffin or other suitable substance and must be closed by a screwtop cover with sufficient screw threads to require at least one and one-half complete turns before it will come off

The cover must be provided with a washer so that no liquid will escape if the bottle should be broken

When in a metal container the weight limit of the parcel is the same as for other fourth-class matter. The container must be securely sealed and inclosed in a strong box

All packages containing liquid must be marked "Fragile"

Where Mailable.—Parcels must be mailed at a post office, branch post office named or lettered station, or such numbered stations as may be designated by the postmaster, or delivered to a rural or other carrier duly authorized to receive such matter. Parcels weighing four ounces or less may be mailed in the same manner as matter of other classes

Parcels collected on star routes must be deposited in the next post office at which the carrier arrives and postage charged at the rate from that office

Unmailable Matter.—The following matter is declared unmailable by law (see secs. 211, 212 and 217 of the Criminal Code of the United States, approved Mar 4, 1909):

1. Matter manifestly obscene, lewd or lascivious; articles intended for preventing conception or for procuring abortion; articles intended for indecent or immoral purposes; all matter otherwise mailable by law, the outside cover or wrapper of which bears any delineations or language of a libelous, scurrilous, defamatory, threatening or dunning character

Spirituous, vinous, malted, fermented, or other intoxicating liquors of any kind; poisons of every kind, and articles and compositions containing poison (except as prescribed in sec. 19); poisonous animals, insects and reptiles; explosives of every kind; inflammable materials (which are held to include matches, kerosene oil, gasoline, naphtha, benzine, turpentine, denatured alcohol, etc.); infernal machines, and mechanical, chemical or other devices or compositions which may ignite or explode; disease germs or seeds (except as prescribed in sec. 36); and other natural or artificial articles, compositions, or materials of whatever kind which may kill or in any wise injure another or damage the mail or other property

Live or dead (and not stuffed) animals, birds, or poultry (except as prescribed in secs. 29 and 34) raw hides or pelts, guano, or any article having a bad odor shall not be admitted to the mails

Postal Guide Zones and Keys—For parcel post purposes the United States is divided into units of area 30 minutes square, which form the basis of 8 postal zones. To ascertain in which zone a post office is located from the office of mailing, a parcel post guide and zone key are jointly used. The guide applies to all offices but a separate zone key is required for each unit. Zone keys make maps unnecessary.

An official Postal Guide of general postal information and lists of post offices, with zone key for determining parcel-post rates, may be obtained by remitting \$1.50 by postal money order to the Disbursing Clerk, Post-office Department, Washington, D. C.

Further information may be obtained at any post office. BE CAREFUL TO SPECIFY THE CITY OR TOWN WHERE THE MAP IS TO BE USED

Further information may be obtained at any post office

A red flag with a black center indicates that a storm of marked violence is expected

The pennants displayed with the flags indicate the direction of the wind: red, easterly (from northeast to south); white, westerly (from southwest to north). The pennant above the flag indicates that the wind is expected to blow from the northerly quadrant; below from the southerly quadrant

By night a red light will indicate easterly winds and a white light below a red light will indicate westerly winds. The Hurricane Warning consists of two red flags with black centers, displayed one above the other. It is used to announce the expected approach of tropical hurricanes, and also of those extremely severe and dangerous storms which occasionally move across the great lakes and the Northern Atlantic Coast. The flags are the same as the one now used for the distinctive signal, the pennants being omitted

Small craft warning—A red pennant indicates that moderately strong winds are expected. No night small craft or hurricane warnings are displayed

BOSTON STREET DIRECTORY

COPYRIGHT, 1922, SAMPSON & MURDOCK CO., BOSTON, MASS

GIVING the location of the Streets, Places, Parks, Squares, &c., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Summer Street the DIRECTORY OFFICE, No. 246, is located, you look at Summer Street, and find that Atlantic Avenue runs from 174, and Dorchester Avenue from 250, showing that 246 Summer would come on the left near Dorchester Avenue.

Streets in wards 1 and 2 are located in EAST BOSTON; those in wards 3 and 4 are in CHARLESTOWN; those in wards 9 and 10 and part of 11 are in SOUTH BOSTON; those in wards 12, 13, 14, 15 and 16 are in ROXBURY; those in wards 17, 18, 19, 20, 21 and part of 11 are in DORCHESTER; those in ward 22 are in JAMAICA PLAIN; those in ward 23 are in ROSLINDALE and WEST ROXBURY; those in ward 24 are in MAT-TAPAN and HYDE PARK; those in wards 25 and 26 are in BRIGHTON.

*indicates public highways. **indicates streets that are partly public and partly private.

The Locality is placed after name of street, in parentheses.

The Post Office Station Number, to which mail should be addressed for prompt delivery, follows the description of the street, thus (P O 9). For description of plan of numbering Postal stations, See Index

Street cars running through a street are shown by a mark ●. The same mark after a street beginning, ending, or intersecting, denotes cars on such intersecting street. For example, the ● connected with ABBOT St. show cars on Blue Hill Av., but not on Abbot St. At ALFORD St. cars run through the street, also on the connecting streets Main and Arlington Av.
